

Permission for Student Transportation by Parent

Unfortunately, bus transportation to and from extracurricular activities and/or field trips is not always available due to the driver shortage many districts across the state are experiencing. With this being said, a staff member has arranged an event for your student(s) to attend off of district grounds. Parental/guardian transport will be required for this event.

Please fill out the permission slip below and return to the staff member organizing the event before the day of the event. If your student is riding with another person, please indicate that below.

Thank you!

I give my son/daughter, _____, permission to ride with

on _____ (date) to _____ (location).

Reason for trip: Field Trip

Extracurricular Event

Parent Signature _____ Date _____
